TERMS OF SALE

Our terms are cash, unless otherwise arranged in advance. Prices are subject to change without notice.

It is to be thoroughly understood that we accept any and all orders with the provision that they shall be void, should any injury befall our stock, over which we have no control. All orders are subject to any new Government regulations.

YOUR GUARANTEE

That the stock you receive has been inspected by competent state and federal officials and found to be apparently free from dangerously injurious insect pest and plant diseases.

All our nursery stock is inspected by the State Department of Agriculture personnel and we are issued this certificate, only after it has been determined that our stock meets their standards of pest freedom.

OUR LIABILITY

We guarantee our stock to be well rooted, well grown, true to name and properly dug and prepared for shipment.

We will not be liable for injury to or loss of stock from any cause beyond our control. We give no guarantee that our stock will live or grow. As this depends largely on the care given to it by the purchaser. Mainly **watering well**.

We shall not at any time be liable for any amount greater than the original price paid. Claims must be made promptly.
